PROFESSIONAL SUMMARY

I am a supply chain professional with a BBA in Logistics & Supply Chain Management (ERP minor) and hands-on ERP experience across multiple platforms including SAP, Manhattan TMS/WMS, and Dynamics AX. With a background and deep knowledge on both the operations and service side of the industry, I can provide a unique perspective on solutions for your business and your clients. I bring my passion for LEAN Manufacturing and Continuous Improvement alongside my proven expertise and ability to utilize AI to deliver smarter, leaner operational solutions.

SKILLS

Technical

- SAP cross functionality (MM, SD, FICO, IMWM)

Power BI Integration

- VBA Solutions
- AI tool design and development
- SQL
- Manhattan WMS/TMS

Functional

- Microsoft Business Suite
- ERP implementation & support
- AI implementation
- Procure-to-Pay (P2P)
- Vendor & customer onboarding
- LEAN principles and Continuous Improvement
- Cross-functional collaboration

PROFESSIONAL EXPERIENCE

Expeditors International of Washington, Inc. — Air Export Agent — Jul 2026 – Oct 2026

- Developed, tested, implemented, and trained users on a new tool that streamlined a labor-intensive task, saving up to 7 hours and 45 minutes of manual effort per day.
- Processed international air export shipments including track-and-trace, shipment monitoring, and accurate data entry into the operating system.
- Prepared and processed export documentation — AWBs, commercial documents, and customs filings.
- Maintained compliance with internal policies, government regulations, and customer requirements.

The Home Depot — Sales Associate (Lumber) — Apr 2025 – Jul 2026

- Improved order fulfillment processes to enhance customer service and product availability.
- Analyzed SKU performance to optimize product placement and inventory flow.
- Maintained inventory accuracy and supported supply chain coordination.
- Trained and mentored new associates, improving team productivity.

Professional Sabbatical — — Nov 2022 – Apr 2025

Manhattan Associates — Software Implementation Consultant (Lead) — May 2021 – Nov 2022

- Led end-to-end TMS implementations across multiple client projects, coordinating cross-functional business and technical teams to deliver on time and within scope.
- Managed system configuration, testing, integration design, and user training.
- Acted as primary client liaison between business and technical teams.
- Key projects: Conn’s Inc., Mary Kay, McLane WMS go-live support.

Imerys Minerals — Business Analyst / Export Coordinator — May 2019 – May 2021

- Coordinated export logistics including booking, documentation, and shipment tracking.
- Managed 20,000+ ERP route combinations across 7 business units.
- Built SQL-based KPI reports to improve transportation efficiency.
- Negotiated international shipping rates across 11 ocean carriers (3,600+ routes).

ScanSource — SAP Business Analyst Intern May 2018 – Aug 2018

- Resolved SAP issues across procurement (MM) and order-to-delivery processes.
- Supported system configuration, testing, and process improvements.

AI PROJECTS

Ship Safe — Dangerous-Goods Screener Web and Phone Application (Personal Project – Utilized Claude Code)

- Designed and built an AI-powered application that screens shipment descriptions against dangerous-goods regulations, flagging likely regulated items for compliance review.
- Built an 83-step screening decision model with UN/tariff reference data and EDIFACT parsing, plus DG checklist processing, screening logs, and customer profile management.
- Validated the screener against a 75-item synthetic test set ranging from safe to very-likely-dangerous goods.
- Live demo: https://grateful-ed.github.io/ShipSafeDev/

Commercial Documents Data Collection (Work Project – Utilized Microsoft CoPilot for M365)

- Processes as many documents as needed to prepare data for mass upload into the ERP.
- Saved up to 7 hours and 45 minutes daily.
- Collaborated with CoPilot to develop the VBA script that powered the tool's design.

EDUCATION

Georgia Southern University — BBA, Logistics & Supply Chain Management; Minor in Enterprise Resource Planning

CERTIFICATIONS

SAP TERP-10 • Six Sigma Green Belt • Certified in Logistics & Transportation
